Note: our seed list takes part in the Pan-European seed-list search system. See more: <http://www.botanicgardens.eu/seedlist.htm>

Seed collection was coordinated by **Małgorzata Konecka** and supported by seed collectors from Arboretum staff.

All seeds in current catalogue were collected from plants growing in the Arboretum. However a few species listed here **indicated with I** occur naturally in Arboretum and therefore they can be treated by ordering institutions as growing in the wild.

Types of provenance:

W – from seeds collected in the wild

G – from cultivation

U – unknown

I – from natural populations
